

# ***GWTEventService***

## Test Review Document

Application: GWTEventService  
Software version: 1.2.0  
Document version: 1.2.0  
Last document update: 2014-10-18

Project home: <http://gwtevents-service.googlecode.com/>

## Personal / contact information

*The personal data is only used for possible callbacks and will not be passed to others.*

Name or nickname\*:

E-Mail address or forum / group user name\*:  (for possible callbacks)

## Usage / application information

Productive usage of GWTEventService? ☐ version:

*The following information is only required, if you tried to port your application to (the tested version of) GWTEventService.*

How many *Domains* are defined? 0 ☐ 1 ☒ < 5 ☐ >= 5 ☐ ()

How many types of *Events* are defined? 0 ☐ 1 ☒ < 5 ☐ >= 5 ☐ ()

How many *EventFilters* are programmed? 0 ☒ 1 ☐ < 5 ☐ >= 5 ☐ ()

## Test review

GWTEventService 1.2 was tested with a ...

- sample / demo application ☒
- prototype application ☐
- productive application (in test environment) ☐

GWTEventService 1.2 has generally worked ☒

## New features of GWTEventService 1.2

Multiple / shared sessions	not tested <input checked="" type="radio"/> hasn't worked <input type="radio"/> not required <input type="radio"/> improvable <input type="radio"/> good <input type="radio"/>
Streaming (alternative to long-polling)	not tested <input checked="" type="radio"/> hasn't worked <input type="radio"/> not required <input type="radio"/> improvable <input type="radio"/> good <input type="radio"/>
Automatic reconnect	not tested <input checked="" type="radio"/> hasn't worked <input type="radio"/> not required <input type="radio"/> improvable <input type="radio"/> good <input type="radio"/>
Timeout listening	not tested <input checked="" type="radio"/> hasn't worked <input type="radio"/> not required <input type="radio"/> improvable <input type="radio"/> good <input type="radio"/>

## Improvements of GWTEventService 1.2

Add events from the client side	not tested <input checked="" type="radio"/> hasn't worked <input type="radio"/> not required <input type="radio"/> improvable <input type="radio"/> good <input type="radio"/>
Concurrency optimizations	not tested <input checked="" type="radio"/> hasn't worked <input type="radio"/> not required <input type="radio"/> improvable <input type="radio"/> good <input type="radio"/>
Multi-threading improvements	not tested <input checked="" type="radio"/> hasn't worked <input type="radio"/> not required <input type="radio"/> improvable <input type="radio"/> good <input type="radio"/>
Maven build system integration	not tested <input checked="" type="radio"/> hasn't worked <input type="radio"/> not required <input type="radio"/> improvable <input type="radio"/> good <input type="radio"/>
Platform refactoring	not tested <input checked="" type="radio"/> hasn't worked <input type="radio"/> not required <input type="radio"/> improvable <input type="radio"/> good <input type="radio"/>
Logging improvements	not tested <input checked="" type="radio"/> hasn't worked <input type="radio"/> not required <input type="radio"/> improvable <input type="radio"/> good <input type="radio"/>
API changes	not tested <input checked="" type="radio"/> hasn't worked <input type="radio"/> not required <input type="radio"/> improvable <input type="radio"/> good <input type="radio"/>

Overall impression: bad ☐ better than the previous version ☒ improvable ☐ good ☐ fantastic ☐
